What is a routing number?

In the US, Financial institutes and banks use routing numbers to identify the bank's details and locations. The nine digits number is printed on the bottom left corner of your check, and sometimes it is called routing transit numbers, RTNs, or ABA routing numbers. You can find the number explanation below in the chart.

Routing numbers are a way to assign unique numbers to the different types of banks and financial institutions to identify each payment issue from the banks. If you are planning to send some money globally, you need one number, and that is called a routing number.

Where to find your routing number?

Nowadays, routing numbers are available on the internet and their official websites to find them very quickly through it. Find your routing number at the bottom of your checks. There are several ways to find the routing number, and you can ask your bank online regarding routing your routing number. If you have activated your online banking, you can easily find your routing number information.

The image shows a sample check from "U.S.A. Bank". The check includes fields for the payee's name and address ("Jhone Doe", "Your Address", "Some Whare , U.S.A 12345"), the bank name, the date, the amount in dollars, and a memo field. At the bottom, the MICR line is visible: "⑆ 1 2 3 4 5 6 7 8 9 ⑆ 0 0 0 1 2 3 4 5 6 7 8 9 - 1 0 0 1". Three callout boxes identify specific parts of the check: "9 Digit Routing Number" points to the first nine digits of the MICR line (123456789); "Your Account Number" points to the next eight digits (000123456789); and "Cheque No." points to the check number (1001) in the top right corner.

What do the digits tell us?

02 **15** **0204** **0**

1. The first two digits **02** the type of financial institution.
2. The 3rd and 4th digits **15** indicate the Federal Reserve Bank district branch.
3. **0204** 5th to 8th, tell us the name of the institution where the checking account is.
4. Number 9th **0** is a final digit in an ABA number, and it is called a "checksum," which is the mathematical sum of the first eight digits numbers.
